

Conditional Commitment Direct Endorsement Statement of Appraised Value

U.S. Department of Housing
and Urban Development
Office of Housing
Federal Housing Commissioner

OMB Approval No. 2502-0494 (exp. 7/31/99)

General Commitment Conditions

1. Maximum Mortgage Amount and Term:

(a) Occupant Mortgages: Mortgage amount and terms assume satisfactory owner-occupant mortgagor(s). They may be changed depending upon the rating of borrower, his/her income and credit.

(b) Changes: the Commissioner or Direct Endorsement (DE) Underwriter may, after reviewing pertinent information, change the mortgage amount and term.

2. **Approval of Borrower:** A determination for approval will be based upon receipt of acceptable application for mortgage credit analysis.

3. **Validity Period:** This document expires six months from the issue date in the case of an "existing" house or not more than twelve months from its date for "proposed" construction, or 203K rehabilitation loan. A shorter period may be imposed by HUD for proposed construction. All cases are classified as "existing"

or "proposed" for the purpose of determining expiration date. Accordingly a house, even though still under construction, may be classified as an existing house if it was not approved by HUD, VA, or a DE Lender prior to beginning of construction. Lower loan-to-value ratios will be applied unless construction exhibits are certified by builder as meeting applicable codes and HUD requirements and are covered by a HUD approved insured 10-year protection (warranty) plan.

4. **Cancellation:** This document may be cancelled after 60 days from the date of issuance if construction has not started.

5. **Property Standards:** All construction, repairs, or alterations proposed in the application or on the construction exhibits returned herewith must equal or exceed applicable codes and HUD requirements.

Information: The estimates of fire insurance and taxes are furnished for mortgagee's and mortgagor's information. They must be used to prepare the Addendum to the Uniform Residential Loan Application, form HUD-92900-A, when a firm commitment is desired.

Attention Homebuyers This property is not FHA Approved and FHA does not warrant the condition or the value of the property. However, FHA will insure a mortgage on the property if certain conditions are met.

For Existing Houses: If you are buying a house which has been lived in before, be sure the house is in acceptable condition before signing a purchase contract. An appraisal is made only to estimate the value of the property. This appraisal does not guarantee that the house is free from defects. HUD cannot give you money for repairs so you must protect yourself before you buy. **You** should inspect the property carefully. If you need help, a private home inspection service can be hired in many localities. Look in the telephone book for such services.

For New Homes: If you are buying a new home, HUD requires the builder to provide a one-year warranty. Please read carefully the information on the back of this form under the heading "new construction."

Fair Housing & Equal Opportunity Hotline: (800) 424-8590

The law requires that borrowers using HUD-insured financing must receive a copy of this form **prior to** the purchase of property.

Grace Period: If this application is rejected, the lender may request reconsideration within 60 days of the last rejection date. Where a sales contract is signed prior to the expiration of the Conditional Commitment/Direct Endorsement Statement of Appraised Value, a lender has 30 days to process or submit an application to the Field Office for a Firm Commitment. A Firm Commitment with a term of 90 days may be issued.

Estimated Value of Property: The amount HUD considers the property to be worth.

Monthly Expense Estimates: The estimated amounts you will pay for hazard/fire insurance and real estate taxes. If you are buying within a condominium or planned unit development, this also includes the condominium or homeowners association fees that you must pay.

Advice to Homebuyers If your application was processed by a Direct Endorsement (DE) lender, you should first contact them for assistance before calling HUD.

Prepaid Items: These are charges that normally will be paid at closing and are recurring in nature. They include such items as funds for real estate taxes and hazard insurance. The amount of these items will vary depending upon the closing date. No estimate is provided with this statement.

Escrow Account: This is a special account that your lender will keep on your behalf to save the necessary funds to pay certain future bills. Your mortgage payment will include, in addition to an amount for interest and principal, amounts to cover such items as property taxes, hazard insurance, and, for certain FHA programs, the mortgage insurance premium. These charges are collected in advance so that your lender will have enough money in the account to apply the charge when it comes due. Generally, 1/12 of the next year's estimated charges will be the amount collected with each of your monthly mortgage payments. Bear in mind that in most communities taxes and other operating costs are increasing. The estimates should give some idea of what you can expect the costs to be at the beginning. In some areas the estimate of taxes may also include charges such as sewer charges, garbage collection fee, water rates, etc.

Mortgage Insurance Premium: The amount for insuring your mortgage. The premium may be in the form of an upfront charge and/or a monthly charge depending upon the section of the Housing Act under which your mortgage is insured. Your lender can provide you with specific information about your transaction.

Weatherization. Contact your local utility company or other qualified person or firm for home energy audit. If energy-related improvements are required, the value of your property may be increased to include the following: thermostats; insulation wrap for water heaters; insulation of ducts and pipes in unheated spaces of heating/cooling systems; attic insulation; insulation for floors and foundation walls; installation of weather-stripping/caulking; installation of storm windows/doors. The value may be increased by up to: (a) \$2,000 without a separate value determination; (b) \$3,500 if supported by a value determination by an approved appraiser; or (c) more than \$3,500 subject to value determination by the VA/HUD, as applicable, and subsequent endorsement of the VA Certificate of Reasonable Value, HUD Conditional Commitment, or Statement of Appraised Value.

Sales Contract: It is expressly agreed that notwithstanding any other provisions of this contract, the purchaser shall not be obligated to complete the purchase of the property described herein or to incur any penalty by forfeiture of earnest money deposits or otherwise unless the purchaser has been given in accordance with HUD/FHA or VA requirements a written statement by the Federal Housing Commissioner, Veterans Administration, or a Direct Endorsement lender setting forth the appraised value of the

property of not less than \$_____. The purchaser shall have the privilege and option of proceeding with consummation of the contract without regard to the amount of the appraised valuation. The appraised valuation is arrived at to determine the maximum mortgage the Department of Housing and Urban Development will insure. HUD does not warrant the value nor the condition of the property. The purchaser should satisfy himself/herself that the price and condition of the property are acceptable.

Amount to be Borrowed When you borrow to buy a home, you pay interest and other charges which add to your cost. A larger downpayment will result in a smaller mortgage. Borrow as little as you need and repay in the shortest time.
